

CONTRACTED PARTIES SUMMIT

Dear Domain Name Industry Stakeholder:

We are pleased to share that the recordings of the open sessions held at the Contracted Parties (CP) Summit are now available on [Sched](#). Recordings of the two closed sessions, available only to contracted parties, have been distributed separately by the Registrar Stakeholder Group (RrSG) and Registries Stakeholder Group (RySG).

This year we continued with the one-track format. Over the three-day event, the CP Summit welcomed more than 500 registered attendees, with over two-thirds attending in person. The CP Summit survey results and key takeaways [document](#) is also published.

Following the Summit, the RrSG chair Owen Smigelski and RySG chair Beth Bacon, presented to the ICANN Board, sharing perspectives from the CP community on the domain industry. The presentation [recording](#) to the Board has also been published.

Planning is already underway for the 2027 Contracted Parties Summit. While the location is yet to be confirmed, we anticipate scheduling the event immediately before or after an ICANN Board Workshop to facilitate Board participation.

Best regards,

Andee Hill
Senior Director, GDD Accounts
