10. Additional Information

Competition

11. Competition Effects

By supporting these additional languages, .eco enables the environmental community in the regions where these languages are spoken to use a domain name that is more appropriate for their visitors. We do not anticipate any effects on competition.

12. Market Definition

This will support the environmental community operating in countries where the added languages are spoken and widely used.

13. Companies Providing Similar Services or Products

Other TLDs support domain registration in these languages. By supporting these languages, .eco is fulfilling its commitment to the global environmental community.

In the RA Amendment Execution phase, ICANN org will open an additional case to process the execution of the RA Amendment and provide you with the case number.

14. Competition Ability of Other Companies

No. Any registry could offer similar support for IDNs.

15. Vendor/Contractor Information

We will work with CIRA, the registry service provider for .eco, to implement this service.

16. Communication with Affected Entities

We have communicated to our registrar partners about our intention to support IDNs. We will work with them on implementation support.

17. Competition Documentation

Acknowledgment

Yes. Based on the type and details of this request, I acknowledge that ICANN org will utilize the appropriate Registry Agreement Amendment template available at [Internationalized Domain Name \(IDN\) Service](#).

Authorization

Yes. Upon approval of this request, I authorize ICANN org to facilitate the required publication of the IDN Table(s) and IDN Registration Rules in the [IANA Repository of IDN Practices](#). Registry Operators remain obligated under Section 2.7 and Specification 6, Section 1.4 of the Registry Agreement to publish and to keep updated their IDN Tables and IDN Registration Rules in the IANA Repository of IDN Practices.
