GENERAL NOTICE

.biz Price Increase Effective November 1, 2015

Dear .biz Registrar Partner,

Neustar's contract with the Internet Corporation for Assigned Names and Numbers (ICANN) to operate the .biz gTLD Registry permits a maximum annual increase of 10% in wholesale registry fees.

This message serves as formal notice of Neustar's intent to increase the annual registration fee for all unreserved .biz domain names by 10%. Details are as follows:

Effective Date & Time: November 1, 2015, 00:00:00 UTC
Price Increase: \$0.86
New Price: \$9.49 (New Create / Renewal / Transfer)

The price change will take effect on November 1, 2015 and will increase USD \$0.86 from the current USD \$8.63 per year to USD \$9.49 per year. As of November 1, 2015 at 00:00:00 UTC, all transactions processed in the .biz domain (new create, renewal, transfer) will incur a \$9.49 fee per domain year with the exception of the Redemption Grace Period (RGP) fees, which will remain unchanged. This amount includes all registry fees due to ICANN.

As always, Neustar remains committed to maintaining the highest levels of infrastructure security (including DNSSEC) and stability - and we will continue our efforts to increase the visibility and usage of the .biz brand, and offer attractive and creative marketing programs designed to offset the price increase on an equal access basis to all accredited and operational .biz registrars.

Please contact your Relationship Manager directly or Neustar's Customer Support team with any questions about this notice.
