RE: Application for .Brand TLD Designation

Richemont DNS Inc. (“**Registry Operator**”), in connection with the execution of the Registry Agreement for the .CARTIER TLD (the “**Registry Agreement**”), hereby applies for .CARTIER TLD to be qualified by ICANN as a .Brand TLD.

Cartier International A.G. (“**Cartier**”) is a French luxury jeweler and watch manufacturer originally founded in 1847 in Paris, France, by the Cartier family who retained ownership until 1964. For more than 150 years, it has served celebrities and the leading royal families of the world among others and many of its historic pieces are famous. In 1904, it made one of the first functional wristwatches, the ‘Santos’.

The ultimate parent company of Cartier is Compagnie Financière Richemont S.A. (“**CFR**”), a Swiss luxury goods holding company, which was created in 1988. The Registry Operator is one of CFR’s indirect wholly-owned subsidiaries.

Registry Operator confirms and represents to ICANN that the TLD meets each of the criteria for the TLD to be qualified as a .Brand TLD, as described in the .Brand TLD Application Process and Specification 13 attached thereto, and that all supplemental material accompanying this application are accurate and not misleading in any respect.

Specifically:

- The CARTIER string is identical to the textual elements of the CARTIER trademark, registered in the United States, namely, U.S. Registration No. [REDACTED];
- The CARTIER trademark is recorded with, and has been issued a signed mark data file by, the Trademark Clearinghouse;
- The CARTIER trademark is owned by Cartier International A.G., an affiliate of Registry Operator and CFR, is used by Cartier in the ordinary course of business, and was issued to Cartier prior to the filing by Registry Operator of the TLD registry application for .CARTIER;
- The CARTIER mark does not begin with a period or a dot and is used by Cartier in the conduct of one or more businesses that are unrelated to the provision of TLD registry services;
- Only Registry Operator and its Affiliates or Trademark Licensees will be registrants of domain names in the .CARTIER TLD and control the DNS records associated with domain names at any level in the .CARTIER TLD; and
- The .CARTIER TLD is not a Generic String TLD (as defined in Specification 11).

Registry Operator also represents that the trademark registration attached hereto as Exhibit A and the registration policies attached hereto as Exhibit B are complete and accurate copies

of the official trademark registration and Registry Operator’s registration policies for the TLD, respectively.

An exemption of the Code of Conduct for the .CARTIER TLD is appropriate because: (i) all domain name registrations in the TLD will be registered to, and maintained by, Registry Operator for the exclusive use of Registry Operator, its Affiliates, or Trademark Licensees (as defined by Paragraph 6.2 of Specification 13), (ii) Registry Operator will not sell, distribute or transfer control or use of any registrations in the TLD to any third party that is not an Affiliate of Registry Operator or a Trademark Licensee, and (iii) application of this Code of Conduct to the TLD is not necessary to protect the public interest.

Registry Operator agrees that if Registry Operator makes any changes to its registration policies for the TLD (whether before or after this application has been approved) that may disqualify the TLD as a .Brand TLD, it will promptly provide ICANN with a complete and accurate copy of the revised registration policies. In addition, if Registry Operator fails to maintain the trademark registration underlying its .Brand TLD application, it shall promptly notify ICANN of such failure. Registry Operator also agrees to maintain the criteria required to qualify as a .Brand TLD and to immediately notify ICANN of any changes in circumstances that could alter the statements made, and supporting materials provide with, this application.

Registry Operator acknowledges and agrees that this letter is binding on Registry Operator and, if any of the foregoing representations and agreements becomes untrue or not complied with, it shall be deemed a breach of the Registry Agreement by Registry Operator, and ICANN may assert its rights under the Registry Agreement, including by determining that the TLD no longer qualifies as a .Brand TLD pursuant to the terms of Specification 13.

Questions about this request should be directed to Lorna Gradden.

If the domain name is registered subsequent to the notice being issued and the Registrant attesting to its non-infringement, the Registrar or the Trademark Clearinghouse will notify the trademark holder(s) of the registration.

The following terms are reserved from registration by third parties:

- a. reserved terms prohibited by ICANN from availability for registration including as provided in the Registry Agreement, and in particular:
 1. the terms “example”, “www”, “rdds”, and “whois” at all levels, which at Registry Operator’s discretion shall be withheld from registration or allocated to Registry Operator; and
 2. the term “nic”, at all levels, as this term shall be allocated to Registry Operator for use in connection with the operation of the .CARTIER Top-Level Domain
- b. any term reserved by Registry Operator from time to time; or
- c. any obscene or offensive term.

Rapid Takedown Process

In furtherance of Registry Operator’s efforts aimed at abuse prevention and mitigation, or where it appears that a .CARTIER domain name is being used to threaten the stability or security of the .CARTIER Top-Level Domain or is a part of a real-time investigation by law enforcement, Registry Operator may, either on its own initiative or at the request of a third party, initiate a rapid takedown process.

In the event a rapid takedown process is initiated, after assessment by Registry Operator, the Registrar may be contacted for its cooperation in taking the subject domain name down (by locking or suspending the domain name, or placing it on hold or deleting it), unless a

compelling argument is provided by the Registrar to Registry Operator on which basis the subject domain name may remain in the zone. In either event, if the Registrar has not reacted within 12 hours of Registry Operator's request, Registry Operator may place the subject domain name on "ServerHold" or any other status it deems necessary or appropriate. If Registry Operator determines that the subject domain name is being used to threaten the stability or security of the .CARTIER Top-Level Domain or is a part of a real-time investigation by law enforcement, Registry Operator reserves the right to immediately remove the subject domain name from the zone, in which case Registry Operator will inform the Registrar of such action being taken.

Abuse Prevention and Mitigation

Registry Operator will not tolerate abusive or malicious conduct (including illegal or fraudulent actions, spam, phishing, pharming, distribution of malware, malicious fast flux hosting, botnets, distribution of illegal images, online sale or distribution of illegal pharmaceuticals or counterfeit products) in the .CARTIER Top-Level Domain. In addition to any monitoring Registry Operator may undertake to prevent abusive or malicious conduct, Registry Operator has established an Abuse Point of Contact for handling complaints or concerns related to any such conduct, which shall also include investigation of and a response to any reports from law enforcement and governmental and quasi-governmental agencies of illegal conduct in connection with the use of the .CARTIER Top-Level Domain.

In the event of any suspected abusive or malicious conduct or violation of this .CARTIER Domain Policy or any applicable laws, Registry Operator may suspend or lock your domain name registration pending resolution of any such suspected violation. Registry Operator may also initiate a rapid takedown process to handle such complaints or suspected violations.

While respecting privacy and confidentiality, Registry Operator may periodically conduct technical analyses to assess whether domain names in the .CARTIER Top-Level Domain are being used to perpetrate security threats, such as pharming, phishing, malware, or botnets; Registry Operator may provide such analysis to third parties in its sole discretion. If Registry Operator identifies security risks that pose an actual risk of harm, it will notify the Registrar and, if the Registrar does not take immediate action, Registry Operator may cancel the domain name or suspend it until the matter is resolved.

Registry Operator or its authorised service provider may remove orphan glue records (see www.icann.org/en/committees/security/sac048.pdf) when provided with written evidence that such records are present in connection with malicious conduct.

Abuse Point of Contact & Notices

Inquiries, whether from law enforcement or the general public, related to alleged abusive or malicious conduct in the .CARTIER Top-Level Domain should be directed to the .CARTIER Abuse Point of Contact. Complaints may also concern WHOIS information accuracy, or concerns that a .CARTIER domain name registration is being used to facilitate or promote malware, operation of botnets, phishing, piracy, trademark or copyright infringement,

fraudulent or deceptive practices, counterfeiting or otherwise to engage in activity contrary to applicable law.

The .CARTIER Abuse Point of Contact and any other notices can be sent by e-mail to: [REDACTED] or by mail at: Registry Operator, c/o [REDACTED] or by phone as provided on registration.

Data & Privacy

By applying to register a .CARTIER domain name, or by asking us to maintain or renew a domain name registration, you agree to our gTLD Privacy Policy found at *nic.cartier/privacy*.

You agree that Registry Operator's WHOIS data requirements require you to provide your complete, accurate, and current contact details in order to undertake a .CARTIER domain name registration; you also agree that, pursuant to its contractual obligations to ICANN or for any reason determined appropriate in its sole discretion, Registry Operator may publish these contact details publicly or provide them to third parties.

You also agree that ICANN may conduct WHOIS verification and checks on a statistically significant basis to identify registrations with deliberately false, inaccurate or incomplete WHOIS data at least twice a year which may result in the Registrar contacting you to solicit accurate and complete WHOIS contact information, and that reports of such verification may be provided to third parties at the Registry Operator's sole discretion.

Applicable Law & Disputes

This .CARTIER Domain Policy shall be governed by and construed in accordance with the laws of Switzerland, without reference to conflict of laws provisions. Any dispute, controversy or claim arising out of or in relation to this .CARTIER Domain Policy, including the validity, invalidity, breach or termination thereof, shall be adjudicated or arbitrated in accordance with this .CARTIER Domain Policy.

All disputes between you and a third party concerning that third party's rights shall be handled according to the terms of the UDRP or URS (see Registration Terms & Conditions), court, or other appropriate adjudicatory system.

(i) UDRP

By registering a .CARTIER domain name, you agree to the applicability of the Uniform Domain Name Dispute Resolution Policy (UDRP); the UDRP policy and rules are located at: <http://www.icann.org/en/help/dndr/udrp>.

The UDRP is an out-of-court dispute resolution procedure for adjudicating a claim by a third party that your registration and use of a .CARTIER domain name infringes their trademark rights, i.e., your domain name registration is identical or confusingly similar to a trademark in which the third-party complainant has rights, you have no rights or legitimate interests in the

domain name, and your registration and use of the domain name are in bad faith. A successful UDRP proceeding would normally result in either the cancellation or transfer of a domain name registration to the UDRP complainant.

In the event of a UDRP decision concerning a .CARTIER domain name ordering transfer of a domain name to a UDRP complainant, any such transfer can only occur if the prevailing UDRP complainant meets all requirements of this .CARTIER Domain Policy including as to eligibility. In the event a prevailing UDRP complainant does not meet the conditions of this .CARTIER Domain Policy including as to eligibility, notwithstanding any UDRP transfer order, Registry Operator will cancel the subject domain name registration. At Registry Operator's sole discretion, such cancelled domain name registration may be placed on a "reserved" list, or may be made available for registration under the terms of this .CARTIER Domain Policy.

(ii) URS

By registering a .CARTIER domain name, you agree to the applicability of the Uniform Rapid Suspension system (URS); the URS policy and rules are located at: <http://newgtlds.icann.org/en/applicants/urs>.

The URS is an out-of-court dispute resolution procedure similar to the UDRP for adjudicating a claim by a third party that your registration and use of a .CARTIER domain name infringes their trademark rights, i.e., your domain name registration is identical or confusingly similar to a trademark in which the third-party complainant has rights, you have no rights or legitimate interests in the domain name, and your registration and use of the domain name are in bad faith. A successful URS proceeding would result in the suspension or cancellation of your .CARTIER domain name for the duration of the registration period (with the complainant having the option of paying to extend that suspension for one year).

Limitation of Liability

Nothing in this .CARTIER Domain Policy shall operate to exclude or limit either party's liability for:

- death or personal injury caused by its negligence;
- fraud or fraudulent concealment; or
- any other liability which cannot be excluded or limited under applicable law.

Under no circumstances shall Registry Operator be liable to you (whether arising for breach of contract, misrepresentation (whether tortious or statutory), tort (including but not limited to negligence), breach of statutory duty, or otherwise) for:

- any loss of profits, business, contracts, anticipated savings, goodwill, or revenue, any wasted expenditure, or any loss or corruption of data (regardless of whether any of these types of loss or damage are direct, indirect or consequential); or
- any indirect or consequential loss or damage whatsoever arising under or in relation to this .CARTIER Domain Policy,

even if we were aware of the possibility that such loss or damage might be incurred by you.

Under no circumstances shall the total aggregate liability of Registry Operator or its Affiliates or Trademark Licensees to you (however arising) under or in relation to this .CARTIER Domain Policy, including (but not limited to) liability for breach of contract, misrepresentation (whether tortious or statutory), tort (including but not limited to negligence), breach of statutory duty, or otherwise, exceed a sum equal to one hundred percent (100%) of the total domain name registration fees paid by you to register the domain name under which the liability of Registry Operator has arisen.

Indemnity

You agree to indemnify and keep the Registry Operator and its respective Affiliates, Trademark Licensees, officers, directors, advisers, agents, employees, successors and assigns indemnified at all times from and against any and all Losses which are suffered by, or are brought or threatened against, the Registry Operator and its respective Affiliates, Trademark Licensees, officers, directors, advisers, agents, employees, successors and assigns as the case may be, arising out of or in connection with use of the .CARTIER Domain Policy for:

- your breach of this .CARTIER Domain Policy; or
- any claim relating to the infringement of a third party's intellectual property rights.

General Terms and Conditions

If any provision, or part of a provision, of this .CARTIER Domain Policy is found to be illegal, invalid or unenforceable, that provision or part-provision shall be deemed not to form part of this .CARTIER Domain Policy, and the legality, validity or enforceability of the remainder of the provisions of this .CARTIER Domain Policy shall not be affected, unless otherwise required by operation of applicable law.

This .CARTIER Domain Policy constitutes the entire agreement between you and us in relation to the registration or use of your .CARTIER domain name, and replaces and extinguishes all prior agreements, draft agreements, arrangements, undertakings, or collateral contracts of any nature made by the parties, whether oral or written, in relation to such subject matter.

The waiver by us of a breach of any provision of this .CARTIER Domain Policy will not operate to be interpreted as a waiver of any other or subsequent breach.

Trademark Claims Notice

For purposes of .CARTIER Trademark Claims, Registry Operator will recognise and honour all word marks that have been or are: (i) nationally or regionally registered; (ii) court-validated; or (iii) specifically protected by a statute or treaty in effect at the time the mark is submitted to the Clearinghouse for inclusion – for purposes of Trademark Claims no demonstration of use is required.

The Registrar will provide notice to trademark owners whose marks have been validated by the Trademark Clearinghouse where a .CARTIER domain name registration which is an exact Identical Match to their trademark is registered during the first ninety (90) days .CARTIER registration is open for general registration.

During the Trademark Claims period, an attempt to register a domain name that is an Identical Match to a Trademark Clearinghouse-validated mark will trigger a Trademark Claims Notice (see Annex). Upon a Registrant's confirmation that they have received and understand the Trademark Claims Notice, and that to the best of their knowledge the registration and use of the requested domain name will not infringe the trademark rights listed in the Trademark Claims Notice, a request for registration will be managed by Registry Operator in accordance with this .CARTIER Domain Policy. If, pursuant to this .CARTIER Domain Policy, a request to register a .CARTIER domain name which is an Identical Match to a Trademark Clearinghouse-validated mark is eligible and subsequently registered, Registry Operator or the Registrar will notify the relevant mark holders(s) of the registration.
