ICANN Final Determination

Re: Notice of Registry Operator Request for Termination of Registry Agreement - .cbs

On 19 June 2023, CBS Domains Inc. notified ICANN org of its intent to terminate the .cbs Registry Agreement entered into on 06 August 2015. Pursuant to Section 4.4(b) of the Registry Agreement, Registry Operator may terminate the Registry Agreement for any reason upon one hundred eighty (180) calendar day advance notice.

Pursuant to the terms of Section 4.5 of the Registry Agreement (as modified by Section 6 of Specification 13 for this .Brand TLD), ICANN org consulted with CBS Domains Inc. to assess whether to transition operation of the .cbs top-level domain (TLD) to a successor Registry Operator.

On 28 August 2023, ICANN org made a preliminary determination that operation of the .cbs TLD need not be transitioned to a successor Registry Operator based on the following rationale:

1. .cbs qualifies as a .Brand TLD.
2. Transitioning the TLD is not necessary to protect the public interest.

On 27 September 2023, after a 30-day period for comments by interested parties, no comments were received. Pursuant to Section 4.4(b) of the Registry Agreement, ICANN org will proceed to terminate the .cbs Registry Agreement by 16 December 2023.

In conformance with Section 4.5 of the Registry Agreement (as modified by Section 6 of Specification 13 for this .Brand TLD), ICANN org may not delegate the TLD to a successor registry operator for a period of two years without Registry Operator's consent, which shall not be unreasonably withheld, conditioned or delayed.
