The parties hereby agree to amend Exhibit A of the Agreement by adding the following new text as a new section 8:

[START NEW TEXT]

“8. Domain Options Service

Domain Options is a service that allows the Registry Operator to prevent registration of certain second-level labels on behalf of a domain name registrant (“Domain Options user”) who holds an exact-match registration in another top-level domain, if requested by the Domain Options user. Such labels must be an exact match of the Domain Options user’s registered second-level label in another top-level domain. Such labels must not be allocated to the Domain Options user.

The Domain Options service provided by the Registry Operator does not prevent Domain Options users or third parties from following rules established by the Registry Operator to request to unblock and register such blocked labels.

The Domain Options service must be offered in compliance with all provisions of the Agreement, including Section 3.3 of Specification 5.”

[END NEW TEXT]

Each party hereby acknowledges and agrees that this Amendment shall not be construed as a waiver of any provision of the Agreement by any party hereto, nor shall it in any way affect the validity of, or the right of any party hereto, to enforce the provisions of the Agreement. The parties agree that, except as set forth in this Amendment and any prior duly authorized and executed amendments, the current terms and conditions of the Agreement will remain in full force and effect. All capitalized terms not defined will have the meaning given to them in the Agreement.
