### AGREEMENT

In consideration of the mutual promises set forth herein and for good and valuable consideration, the sufficiency of which is hereby acknowledged, the Parties hereby agree as follows:

- 1.** Assignor hereby assigns, transfers, and conveys to Assignee all of Assignor's rights, obligations, and interest in and to each of the Registry Agreement(s).
- 2.** Assignee hereby accepts the assignment of each of the Registry Agreement(s) and assumes all liabilities of Assignor relating thereto, whether contingent or accrued, and further agrees to assume and perform all of the covenants, obligations and agreements of Assignor under each of the Registry Agreement(s).
- 3.** The Parties hereby agree that Assignee shall be substituted for Assignor for all purposes of each of the Registry Agreement(s).

6. The Parties hereby acknowledge that ICANN's Consent to Assignor's assignment of each of the Registry Agreement(s) does not waive any rights ICANN may have to take action with respect to any breaches of the Registry Agreement by Assignor occurring prior to the Effective Date.

7. Each Party shall, upon the reasonable request of the other Party, make, execute, acknowledge, and deliver any and all further documents and instruments, and do and cause to be done all such further acts to evidence and/or in any manner perfect Assignor's assignment of each of the Registry Agreement(s) to Assignee pursuant to this Assignment Agreement.

8. 9. The Parties hereby represent that they understand the scope of ICANN's Consent, which: (A) does not grant Assignee any actual or purported property or ownership rights or interest in or to the TLDs or the letters, words, symbols or other characters making up the TLDs' strings; (B) is solely binding and applicable to the assignment of rights and obligations pursuant to the Registry Agreement(s); (C) solely relates to the operation of the TLDs in the Domain Name System as specified in the applicable Registry Agreement(s); and (D) does not convey any rights to the letters, words or symbols making up the TLD string for use outside the Domain Name System.

10. The Parties further agree that, in the event of a conflict, the rights, obligations, and requirements in the Registry Agreement(s) supersede any asserted rights, obligations or requirements purportedly obtained outside of the Registry Agreement(s).

**IN WITNESS WHEREOF**, the Parties have caused this Assignment Agreement to be executed and delivered as of the Effective Date first stated above.
