

ADDENDUM TO REGISTRY AGREEMENT

This Addendum to that certain Registry Agreement, dated as of _____ 2017, for the **.mobi** Top-Level Domain (the "Registry Agreement"), by and between Internet Corporation for Assigned Names and Numbers, a California nonprofit public benefit corporation ("ICANN"), and Afilias Technologies Limited, a corporation formed under the laws of Ireland ("Registry Operator"), is dated as of _____ 2017 and is by and among ICANN and Registry Operator ("Addendum"). ICANN and Registry Operator are hereinafter referred to collectively as the "Parties" and individually as a "Party." Capitalized terms used and not defined herein will have the respective meanings given thereto in the Registry Agreement.

WHEREAS, the Parties previously entered into a registry agreement, dated 10 July 2005;

WHEREAS, the Registry Agreement has certain provisions that are not applicable to a top level domain that is already in operation, such as the TLD;

WHEREAS, the purpose of this Addendum is to amend the Registry Agreement in order to modify the provisions that are not applicable to the TLD; and

WHEREAS, pursuant to Section 7.6 of the Registry Agreement, the parties may enter into bilateral amendments and modifications to the Registry Agreement negotiated solely between the Parties.

NOW, THEREFORE, in consideration of the above recitals acknowledged herein by reference, the Parties, intending to be legally bound hereby, do agree as follows:

1. No Approved Amendment pursuant to Section 7.6 or Section 7.7 of the Registry Agreement shall amend or modify the specific terms of the Registry Agreement that are modified or amended pursuant to Section 2 of this Addendum (such terms, "Addendum Terms"); provided that the foregoing shall not apply to any other terms of any provision of the Registry Agreement, including the remaining unmodified terms of any Sections of the Registry Agreement that include the Addendum Terms. If an Approved Amendment is approved in accordance with Section 7.6 or Section 7.7 that would amend or modify any terms of the Registry Agreement that are modified by the Addendum Terms, ICANN and the Registry Operator agree to (i) enter into good faith discussions regarding whether an amendment to such Addendum Terms is appropriate in light of such Approved Amendment and (ii) mutually agree (such agreement not to be unreasonably withheld, conditioned or delayed) on an appropriate amendment to this Addendum or the Registry Agreement.
