

Amendment to Registry Agreements

THIS AMENDMENT (“Amendment”), effective as of _____ (“Amendment Effective Date”), is made by and between the Internet Corporation for Assigned Names and Numbers (“ICANN”) and Dog Beach, LLC (“Registry Operator”), and shall amend the Registry Agreement for certain top-level domains (“TLDs”) in the manner as further detailed and described herein.

WHEREAS, Registry Operator (i) is party to the Registry Agreements identified in Appendix I (each, a “Registry Agreement”) and (ii) is the Registry Operator of those TLDs identified in Appendix I to this Amendment, which is attached hereto and incorporated herein; and

WHEREAS, in the interest of the mutual of convenience of the parties, in lieu of executing an individual amendment to the Registry Agreement for each individual TLD identified in Appendix I, the parties hereby desire to consolidate the modifications as provided in this Amendment.

NOW THEREFORE, the parties, intending to be legally bound, agree as follows:

1. Registry Operator represents it has proper authority to execute this Amendment for the purposes intended.
2. The Registry Agreement for those TLDs identified in Appendix I shall be amended in the manner set forth below as the amendment number provided in Appendix I.
3. The parties hereby agree to amend Exhibit A of each of the Registry Agreements identified in Appendix I by adding the following new text as a new section 8:

[START NEW TEXT]

“8. Dropzone Service

Registry Operator may offer the Dropzone service, which is a Registry Service that will manage the release of domain names that have reached the end of their life cycle.

The Dropzone is a separate system, parallel to the main EPP system, that will manage on a daily basis the release of domain names that have been purged for a short period of time, called the Dropzone. Any TLD-accredited registrars may use the Dropzone to register a recently-purged domain name.

On a daily basis, at the end of the Dropzone period, the Registry will execute an awarding process, which will select, per domain name, the first domain creation request submitted (first come, first serve).”

[END NEW TEXT]

Each party hereby acknowledges and agrees that this Amendment shall not be construed as a waiver of any provision of the Registry Agreements by any party hereto, nor shall it in any way affect the validity of, or the right of any party hereto, to enforce the provisions of the Registry Agreements. The parties agree that, except as set forth in this Amendment and any prior duly authorized and executed amendments, the current terms and conditions of each Registry Agreement will remain in full force and effect. All capitalized terms not defined will have the meaning given to them in each Registry Agreement. This Amendment may be executed in counterparts, each of which shall be deemed an original, and all of such counterparts taken together shall constitute one and the same instrument.
