

## Amendment No. 2 to Registry Agreement

The Internet Corporation for Assigned Names and Numbers and Foggy Way, LLC agree, effective as of \_\_\_\_\_ (“Amendment No. 2 Effective Date”), that the modification set forth below is made to the 13 March 2014 .reise Registry Agreement (“Agreement”).

### I. EXHIBIT A - Approved Services

**[New Text]**

#### **5. Domains Protected Marks List (DPML)**

*The DPML is a service that allows trademark rights holders to block certain labels from registration across multiple TLDs operated by the Registry Operator. The blocked names must comply with the provisions described in Specification 5, Section 3.3 of the Registry Agreement. Domain Names blocked by the DPML service will be either an exact match of a label or will contain an exact match of such labels, or may include domain names that are a misspelling or contain a misspelling of a label. Blocked labels do not prevent other trademark rights holders from unblocking the label and registering the domain name.*

The parties agree that, except as set forth in this Amendment, the current terms of the Agreement will remain in full force and effect. All capitalized terms not defined will have the meaning given to them in the Agreement.
