ICANN Preliminary Determination

Re: Notice of Registry Operator Request for Termination of Registry Agreement - .rmit Top-Level Domain

On 31 May 2021, Royal Melbourne Institute of Technology notified ICANN org of its intent to terminate the .rmit Registry Agreement entered into on 19 November 2015. Pursuant to Section 4.4(b) of the Registry Agreement, Registry Operator may terminate the Registry Agreement for any reason upon one hundred eighty (180) calendar day advance notice.

Pursuant to the terms of Section 4.5 of the Registry Agreement, as modified by Section 6 of the Specification 13 (.Brand TLD Provisions), ICANN org consulted with Royal Melbourne Institute of Technology to assess whether to transition operation of the .rmit top-level domain (TLD) to a successor Registry Operator.

Subject to an ongoing evaluation, ICANN org has made a preliminary determination that operation of the .rmit TLD need not be transitioned to a successor Registry Operator. ICANN org's review and determinations regarding transition to a successor registry are subject to Section 4.5 of the Registry Agreement (as modified for a .Brand TLD).

ICANN org's preliminary determination to not transition the TLD to a successor Registry Operator is based on the following rationale:

1. .rmit qualifies as a .Brand TLD.
2. Transitioning the TLD is not necessary to protect the public interest.

In conformance with Section 4.5 of the Registry Agreement (as modified for a .Brand TLD), ICANN org may not delegate the TLD to a successor registry operator for a period of two years without the Registry Operator's consent, which shall not be unreasonably withheld, conditioned or delayed.

Before releasing its final determination, ICANN org will consider input provided by interested parties via email at ra-termination-comments@icann.org. The deadline to submit input is 28 August 2021 – 23:59 UTC.
