Subject: SSAC2023-16: Nominating Committee Rebalancing

To: Tripti Sinha, Chair, ICANN Board of Directors

Dear Tripti,

On 26 April 2023, you requested comment from the SSAC on the topic of Nominating Committee (NomCom) rebalancing, and posed 6 specific questions.¹ Please accept my apologies for not responding to this request by the target date of 30 June 2023.

It is not surprising that this topic, which has been under consideration for over 10 years and was unable to be resolved by the NomCom Review Implementation Working Group, has also elicited a diverse range of views within the SSAC. That being the case, I must advise that the SSAC regrets it is unable to offer any consensus views on the questions you have posed.

Rod Rasmussen
Chair, ICANN Security and Stability Advisory Committee
